FROM PAUL’S DESK

DEAR PARENTS AND FRIENDS OF ST PAUL’S,

Our thoughts and prayers go out to the Taranto family. Maria, mother of Diana Year 6, Matthew Year 4 and Katia Year 2, was involved in a very nasty car accident last Saturday. She is on the mend but will be off her feet for quite a while. I already know that many in the school community have offered support to Joe and the family and I am sure it is much appreciated. We trust that Maria will recover quickly.

Confirmation – The Year 6 children celebrate the Sacrament of Confirmation on Friday evening October 28. The children and families will be preparing for the Sacrament over the coming weeks. There will be much work taking place in the classroom, workshops for families and practicing for the Mass.

Book Week Parade – Unfortunately the Book Week Parade and Activity has had to be postponed. We are trying to organise around the Week 9 date – week beginning Monday September 12th. As soon as we know the definite date we will have the details to parents.

Building Update – Work on Father’s verandah has commenced and the car park construction company is back to finish off Stage 1. All things crossed, we hope to have Stage 1 completed by Friday September 2nd.

The new classroom areas and staff room extension is still on track to be finished before the end of this term. Things are moving well.

The good weather has me thinking of finals footy and there’s still two rounds to go! Let’s hope the Cat’s win another game at the ‘Cattery’ against the Swans this week then it’s THE BIG ONE against the Pies.

All the best for the weekend, Paul

Seasons is a peer support program which is designed to help children explore their feelings of grief and loss following a death, divorce or separation.

The Seasons program was designed by Centacare Catholic Family Services and is aimed at children from 5 to 18 years. Seasons consists of 10 weekly sessions, 5 – 6 young people per group and is facilitated by a trained adult companion.

It is important to note that Seasons is not a therapy program and does not replace formal counselling. Rather, Seasons is a program that provides the opportunity for young people to express, acknowledge, normalise and integrate their grief with the support of their peers and under the guidance of an adult companion. Due to the nature of the program, it relies heavily on the confidentiality of all participants.

Hopefully, the program will begin in Term 4. If you are interested in the Seasons program, please discuss this matter with your child, fill out the expression of interest form below and return it to your child’s classroom teacher.

Regards,
Stefanie Marin
Student Wellbeing Coordinator.
