Dear Parents and Friends of St Paul’s,

Welcome back to our last term. The children have settled well but there were a few yawns with the body clocks adjusting to the weekend’s change to daylight saving. Although most people love the extra hour, daylight saving time can be a difficult time for parents of our younger children as they struggle to keep sleeping routines. From experience I know it can be a battle to get kids to bed when the sun is still shining. What must be remembered is that, especially for the junior children, one hour’s less sleep each night does add up over the term so it is important to monitor the health of your child and to attempt to keep sleeping routines as normal as possible.

Sports Day – Our postponed Athletics Carnival is organised for Friday November 16th. Permission notes and details to go home shortly.

Confirmation 2013 – For our Year Five families, we have received notification from the Archbishop’s Office that our Confirmation Mass will be held on Friday evening, June 14th 2013. The Mass will be celebrated by Archbishop Denis Hart.

Fete Meeting – Last night we had a very productive Fete meeting. Everything is coming together well. For our fete to be a success we need all members of our community to participate in some way. Make sure you keep abreast of all aspects of the fete when the next fete newsletter comes home.

All the best, Paul

Reflection

The Power of One

This whole universe, with its trillions of galaxies, began as a tiny speck of concentrated energy, smaller than a grain of salt.

When you were first conceived, you were just a single cell, a mere pinpoint of life, barely visible to the naked eye but packed full of the potential for everything you would ever become - every action, choice, and relationship.

You are just a drop in the ocean, but without you the ocean will not become the ocean.

You are just a grain of sand, but you are a grain of sand that tips scales.

You are just a drop of dew that soaks into the earth and is gone by noon, but that drop of dew brings life to the seed that grows in the earth.

You are only one, but the Power of one is greater than you dare to dream. One is not Nothing. One makes a difference.

Your choices can rip the scales of humanity a little bit more toward goodness and truth, if that is your desire.

(Margaret Silf)
**Fete Class Representatives**

Thank you to the parents who have volunteered to be their class rep. The fete committee is still seeking parent representatives for some classes. This will be a rewarding job of the parent, and helps to make the fete—great. You do not need to be available during the day so it’s ideal for the working parent to be able to make a contribution to the school fete.

**Home Made Sauce**

A good start has been made to the donation of bottles. Thank you, please keep them coming!!!
St. Mary MacKillop Museum

Open Day

Saturday 20 October 2012
10am - 4pm
Mary MacKillop Heritage Centre
362 Albert Street

Enquiries: 9311 4100.

No Bookings required for any of these free events.

Living with Autism Spectrum Disorder

“I am committed to enlightening all those who are willing to hear and to see just how those of us on the spectrum learn and love the best.”

A psychologist, counselor, lecturer and author, being on the autism spectrum, Dr. Lawson is passionate about the rights of those who so often cannot speak for themselves.

“Understanding why we cover our ears, raise our voices or refuse to eat the dinner you have made, will improve communication, reduce stress all round and lower frustration for all the family.”

This seminar looks at the issues associated with autism, learning differently and sensory dysphoria and how we can better understand these.

All families and educators welcome

Date: Monday 29 October 2012
Time: 7 pm – 9 pm
Venue: North West Brunswick Primary School
Culloden Street
Brunswick West

Melway Ref: 29 C4
